# E-Z-H/R PERFORATED®
## PAINTED ALUMINUM COVERS

**INNOVATIVE DESIGNS FOR EVERY TYPE OF GUTTER AND DEBRIS LOAD**

This Perforated gutter cover for 6” half-round is engineered to work well with both circle and hidden hangers. It locks under the metal clips or it can be fastened with stainless steel screws through the pre-punched holes on the front edge. It does not disturb the shingles and stays out of sight from the ground.

### FEATURES

- Works with both circle and hidden hangers on 6” half-round gutters
- Thousands of holes to keep debris out and let water through
- Hemmed front for extra strength and smooth appearance
- Front holes to install stainless steel screws (provided)
- Channels are designed to strengthen panel and allow debris to dry and blow away
- Holes in front wall for overflow during heavy rains
- .019 Painted Aluminum with 5-Year Warranty

**SIZE**: E-Z-H/R Perforated® comes in 6-foot lengths and 6.5” wide.

### COLORS

White
Black
Mill

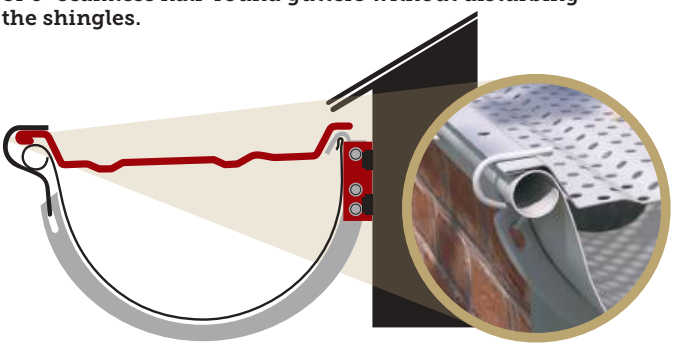

### SPECIAL ORDER

Copper

Like all gutter protection products, depending on your debris type and load, E-Z-H/R Perforated® will require maintenance from time to time, by brushing off the top of the panels.

### E-Z TO INSTALL

**Fastens through pre-punched holes into the front of 6” seamless half-round gutters without disturbing the shingles.**

E-Z Gutter Guards are manufactured by Midwest Enterprises

Re-Order Item #213

# THERE IS NOT JUST ONE TYPE OF GUTTER GUARD AT E-Z.

Midwest Enterprises started with E-Z-Lock and their original screen is still the most versatile. It's made of expanded galvanized steel that is powder-coated, and can be installed in two different ways. The designers at E-Z understand that some installers want a gutter guard that screws into the front of the gutter and installs under the shingles. Others want a guard that 'snaps' in for quick and easy installation and removal — all without disturbing the shingles.

For locations where salt spray and extreme environments cause other products to corrode, Powder-Coated Aluminum can handle the heaviest debris loads and tough weather. E-Z Painted Aluminum Guards come as solid or louvered, and provide the best protection from the elements.

## THE E-Z GUTTER ADVANTAGE

**MULTIPLE LEVELS OF MESH SCREENS**
From Medium to Micro-Mesh

**MULTIPLE LEVELS OF SOLID COVERS**
True Solids, Perforated and Patented Reverse Louvers

**MULTIPLE LEVELS OF METALS**
Powder-Coated Steel and Aluminum, Mill-Finish Aluminum and Painted Aluminum

**MULTIPLE PRICE LEVELS**
Pick the level of protection that fits the budget and lifestyle

Midwest Enterprises is a family-run business, centrally located in Missouri, with the knowledge and experience to produce high quality, common sense products that are both easily installed and profitable. Gutter installers nationwide have recognized this for over 30 years. Our business remains successful because of our commitment to provide quality and service to all our customers, both large and small.
